**Subject:** GE Rollout

With the GE announcement coming tomorrow, we need to nail down how we will notify the company and what other calls we will make.

I would propose that the Administrator call Immelt mid-afternoon to inform him of our decision. I would concurrently call Brackett Denison and Walter would call Ann Klee. In those discussions, we would inform GE of the timing of tomorrow's announcement and the final resolution of the capping issue.

Judith - I understand you may also be making some enviro calls this evening.

Administrator - does this work from your perspective? If so, Heidi can schedule the Immelt call.
